Lucy Jupp

Hello,

and welcome to the summer edition of the newsletter.
I hope you are all enjoying the beautiful weather!

Charity Trip

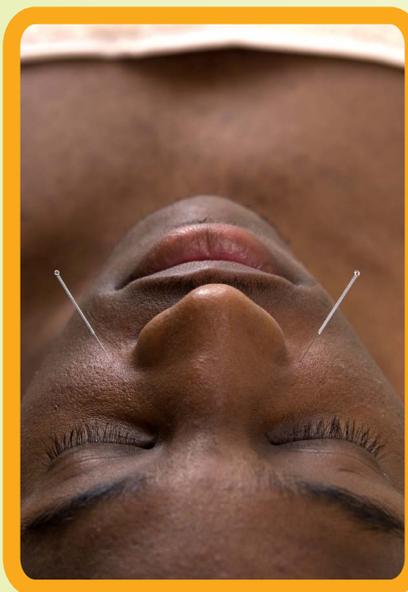

I wanted to let you all know that I am getting close to raising the money I need to do another charity acupuncture trip. I donate £1 towards this cause from every acupuncture or massage treatment that you come for. I am hoping to go to India in December with World Medicine, to carry out a similar charity trip to that of Hebron, Palestine in 2011. To read more about World Medicine and the nature of their charity trips, please go to: <http://www.worldmedicine.org/>

For more details about the 2011 Palestine trip, please go to:

or: <http://lucyjuppacupuncture.com/index/newsletters/>
and click on 'December 2011'.

Chinese Herbal Medicine – Coming Soon!

I have just finished my masters of science in Chinese Herbal Medicine. This means that in the next few months I will be qualified to prescribe Chinese herbal remedies to those of you that would like them. I will be offering this service as part of our acupuncture session, at no extra cost, other than the cost of the herbs that you are prescribed. Chinese herbal medicine is just like acupuncture in that it can address a wide range of conditions, so if you have any questions or would like more information about what it can do for you, please get in touch. I will let you all know when I am able to start prescribing.

BBC Radio Oxford

If any of you listen to BBC Radio Oxford, you might have heard me on Kat Orman's show on Friday 19th July. If not, I will be on again in October.

Thame Out Magazine

In June, Thame Out wrote an article about me. It contains some interesting case studies of patients that I have treated recently and explains a bit about how acupuncture works. One of the most remarkable cases was Stephanie, who fell 60 feet into a crevasse whilst skiing, and 7 years later she was left with various problems that acupuncture was able to help her with. Follow the link below to read about it....
<http://lucyjuppacupuncture.com/research/> and click on the first article 'Pin Point Treatment'.

That's it from me - hope you all enjoy the rest of the summer!
